

Coasters and Picture Frames

Tillycoasters? Stratacoasters?

Step right up!

These are the coolest. Your mom's will be so pleased that you're using a coaster!

So far, RockPlates coasters are available in the T and S style. Expect LP and 335 shapes any day.

You can purchase RockPlates through Paypal at my Etsy store. Or, you can write to me directly if you'd like to make other arrangements.

You can buy them individually, in sets or you can mix and match. If you buy directly through me you can have every fourth coaster for free if you buy them all at once.
